https://shafibr21.github.io/portfolio/ Khilkhet Bepari Para, Dhaka, Bangladesh

## SUMMARY

I am an enthusiastic Computer Science student at BRAC University with a strong foundation in software development and web technologies. I possess hands-on experience in project management and skills in various programming languages. My goal is to continue growing my expertise while contributing effectively in roles related to software development. I am passionate about solving complex problems and eager to embrace opportunities for learning and growth
