Technical Skills

Languages: JavaScript, TypeScript, Python, SQL, HTML5, CSS

Developer Tools: Postman, Git

Libraries/Frameworks: React.js, Next.js, Node.js, Express.js, Prisma, Tailwind CSS, GSAP

Databases: MongoDB, MySQL, PostgreSQL, Supabase

Work Experience

Betopia Group

Deecember 2025 – Present

Full-stack Developer

Dhaka, Bangladesh

- Developed and maintained **RESTful APIs** using **Node.js** and **Express.js** to support mobile applications built with **Flutter** and the **React.js** admin dashboard.
- Designed and implemented responsive, user-friendly frontend interfaces for the admin dashboard using **React.js**, **ShadCN UI**, and **Tailwind CSS**, based on **Figma** designs.

Bitsec

September 2025 – December 2025

Frontend Developer Intern

Remote

- Developed and maintained **headless WordPress** projects integrated with **Next.js** for modern, scalable frontends.
- Built and optimized web applications using **Remix** and **Next.js**, focusing on performance and SEO.
- Implemented **REST API integrations** and **META API** to streamline content delivery and improve data flow.
- Implemented smooth, interactive animations using **GSAP**, enhancing user experience and engagement across key UI components.
- Collaborated with design and backend teams to ensure responsive, accessible user interfaces.

Beyond Innovation Technology LTD.

August 2024 – December 2024

Internship Trainee

Dhaka, Bangladesh

- Developed and maintained web applications at **Beyond Innovation** using **MERN stack**.
- Built and integrated **RESTful APIs** with **Express.js** to support frontend and third-party consumption.
- Created responsive, accessible user interfaces with **React.js** and **Tailwind CSS**, ensuring cross-device compatibility.
- Collaborated on end-to-end feature development including **backend logic**, **API design**, and **frontend integration**.

Projects

SkyLine | [Live Website](#) | [Source Code](#)

Next.js | **TypeScript** | **Tailwind CSS** | **GSAP** | **Amadeus API**

- Built a responsive **flight booking platform** with real-time data from the **Amadeus API**, supporting one-way, round-trip, and multi-destination searches.
- Implemented smooth **GSAP** animations for enhanced user experience and optimized performance using a component-based architecture and responsive design.

Hydras | [Live Website](#) | [Source Code](#)

React | **JavaScript** | **Tailwind CSS** | **GSAP**

- Developed **Hydras**, a visually dynamic web application showcasing advanced UI design and front-end animations using **GSAP**.
- Built a responsive, accessible UI with **Tailwind CSS** and optimized performance with **React** and **Vite**, ensuring smooth animations and interactions.

CasperAI | [Live Website](#) | [Source Code](#)

Next.js | **TypeScript** | **Supabase** | **Clerk**

- Built **CasperAI**, an AI companion platform with user authentication via **Clerk**, session history, and interactive elements.
- Integrated **Supabase** for real-time database management and focused on delivering a seamless, engaging user experience with a responsive, modular UI.

CourierPro | [Live Website](#) | [Source Code](#)

Next.js | **Node.js** | **MongoDB** | **Socket.IO** | **Google Maps API**

- Developed **CourierPro**, a full-stack logistics platform enabling parcel booking, intelligent delivery agent assignment, and real-time tracking.
- Integrated **Google Maps API** for optimized route visualization, used **Socket.IO** for live updates, and built a scalable backend with **Node.js/Express.js** and **MongoDB**.

Education

BRAC University

Expected Graduation: January 2026

Bachelor of Computer Science

Dhaka, Bangladesh

- CGPA: 3.25**
